EXPERIENCE

Co-Founder — Lead Developer – Quick Commerce Platform

August 2024 – January 2025
Kochi

- Led the development and deployment of a quick commerce platform, managing the entire software development lifecycle from concept to execution.
- Handled end-to-end operations, including overseeing application development, ensuring platform scalability, and optimizing workflows for smooth delivery and user experience.
- Built and managed a robust platform capable of handling real-time order placement, tracking, and delivery assignments.

Python Full-Stack Development Bootcamp

July 2023 – July 2024
Kochi, Kerala

Prototype

- Participated in a boot camp focused on elevating coding standards through weekly reviews led by industrial experts.
- Collaborated with mentors and fellow interns on real-world projects, contributing to the development of dynamic and responsive web applications.

PROJECTS

Seekset | *Python, Django, React.js, DRF, AWS (Previously Deployed)*

- Developed a job portal using Python and Django, featuring real-time chat and video conferencing through Django Channels and WebSockets. Deployed the application on AWS EC2 with a PostgreSQL database for efficient data handling. Built RESTful APIs and implemented authentication using Django REST Framework, and used React.js for a dynamic, user-friendly front end.

Shoplux | *Python, Django, Bootstrap, PostgreSQL (Previously Deployed)*

- Created an e-commerce platform using Django, incorporating Razorpay for secure payment processing. Integrated features like user authentication, product catalog management, and order tracking. Designed responsive and intuitive user interfaces using HTML, CSS, and Bootstrap.

EDUCATION

Master of Computer Applications

Jun. 2021 – Jul. 2023

MES AIMAT, Aluva, Kerala
